

Parenting Information Forums

Supporting Parents, Grandparents and Carers

The Parenting Information Forum Program delivers relevant information on a range of topics for parents, grandparents and carers of children and adolescents.

Whitehorse Council's Health and Family Services Department invites a range of guest speakers to reflect the diverse range of parenting approaches that individuals, communities and cultures may hold within Whitehorse. The program aims to achieve great outcomes for families, children and young people and reflects Council's belief that effective parenting matters to a child's lifelong development and overall wellbeing.

It is essential that parents, grandparents and carers register their attendance through our online booking system, which will open approximately four weeks prior to the forum date.

For further information about the Parenting Information Forum Program please visit **whitehorse.vic.gov.au/parenting-information-forums** or call Council's Parent Resource Officer on 0477 329 540 or email **parentresource@whitehorse.vic.gov.au**
