Supporting Parents, Grandparents and Carers

Positive and Effective Ways of Managing Children's Behaviour (0-12 years)

Do you sometimes feel like you just don't know what to do next in your parenting?
Do you wonder why your children behave the way they do and what to do about it?

This presentation provides an overview of some of the reasons why children behave the way they do and gives some practical strategies for parents to support their children and guide their behaviours in appropriate ways.

Sally Ward is an early childhood consultant with Early Life Foundations, joining the team in 2014. She is a preschool teacher with extensive and varied experience in the early childhood field over the past 35 years.

Sally's ability to listen, understand and provide practical advice to parents and colleagues has created strong relationships and a broad perspective of the pressures faced by families as they balance careers, child rearing and family life.
