Supporting Parents, Grandparents and Carers

HOW DO I TALK TO MY CHILDREN ABOUT DRUGS & ALCOHOL? (14-18 YEARS)

This parent information evening invites young people to come along with their parents as we share developmentally-appropriate, factual information about prevention, harm reduction and safe choices.

During this session:

- Get up to date information about drugs
- Learn how to respond if you have concerns about your young person
- Learn how to communicate effectively with young people about drugs
- Learn when and where to seek advice and support if you are concerned

Horace Wansborough from Youth Support and Advocacy Service (YSAS) is a youth worker and family therapist with over 17 years experience working with children, young people and families. He has a special interest in assisting families facing the challenges of supporting a loved one with drug and alcohol issues.

Horace's presentations are filled with real stories from the street, but are grounded in sound scientific evidence and the latest research into 'what works'.
